March 13, 2024

### New report underscores the company's commanding market share in the metal payment card market

SOMERSET, N.J., March 13, 2024 (GLOBE NEWSWIRE) -- [CompoSecure, Inc.](#) (Nasdaq: CMPO), a leader in metal payment cards, security and authentication solutions, announced today it ranked #1 in the [Metal Payment Card research report](#) by ABI Research, a global technology market intelligence firm.

"CompoSecure has enjoyed an historically strong position in the metal payment card market," stated Sam Gazeley, ABI Research Industry Analyst. "Its commanding market position, alongside a global presence and the growing number of vendors who offer and ship CompoSecure products within their portfolios, cements its position as the leader in the metal payment card market."

The ABI Research report points to CompoSecure as the clear market leader in this metal payment card competitive assessment:

- **Top Metal Card Vendor:** CompoSecure secured the highest overall score in the ABI Research assessment due to its comprehensive product portfolio, extensive business partnerships, advanced technology and innovation, and strong sustainability strategy.
- **Top Honor in Innovation:** CompoSecure is the innovation leader in the metal payment card market, going beyond metal only and launching metal in combination with the Lux Glass offering and the Echo Mirror card.
- **A Leading Implementor:** CompoSecure was listed as a leader in the implementation ranking due to its global reach through a large number of partnerships in the metal payment card space.

Jon Wilk, President and CEO of CompoSecure said: "I am proud that we have helped shape the metal payment card into a powerful brand, acquisition, and retention tool for financial institutions and fintech's around the world. A metal payment card is now a must have for a financial organization's product portfolio and a highly desired lifestyle item by consumers. As pioneers and innovators in this market, we are honored to be recognized by ABI Research."
