CompoSecure/Arculus Chief Innovation Officer to Speak at the 2021 Blockchain Expo North America

*Adam Lowe will discuss the impact of Arculus on the cryptocurrency market on panel:
“Payments Driving the Future of Digital Assets”*

Somerset, NJ – September 29, 2021 – CompoSecure, L.L.C. ([“CompoSecure”](#)), a leading provider of premium financial payment cards and emergent provider of cryptocurrency storage and security solutions, with the recent launch of [Arculus™](#), a crypto cold storage solution, today announced that Chief Innovation Officer Adam Lowe will speak at the [Blockchain Expo North America](#) virtual conference. Lowe will discuss the ripple effect that Arculus will have on the broader financial and payments market during the “Payments Driving the Future of Digital Assets” panel on September 30th at 3:20 PM EDT.

Blockchain has become an accepted technology within financial institutions and businesses. Companies like Microsoft, PayPal, AT&T and Twitch have adopted blockchain technology to better secure payments. [According to IDC](#), organizations are expected to spend nearly \$6.6 billion on blockchain solutions this year, an increase of more than 50% compared to 2020. Blockchain spending will continue to see strong growth throughout the 2020-2024 forecast period with a five-year compound annual growth rate (CAGR) of 48.0%, reaching nearly \$19 billion by 2024.

“As blockchain becomes more mainstream, the need, and quite honestly, the expectation for security technology that's not only tough but also easy-to-use and intuitive will grow,” said Lowe. “We believe Arculus will be the standard-bearer of how blockchain makes it safe, simple and secure for the average person to manage their cryptocurrency and other digital assets.”

Lowe will be joined by Alex Nascimento, Managing Director of 7CC Blockchain Investments, David Karney, Head of Digital Assets at WorldLine and Kadine James, Creative Technologist at Yahoo! to discuss how blockchain technology can enable payments with digital assets, create opportunities for businesses and protect digital identities. Ricardo Diaz, Head of Solutions at BRD, a leader in blockchain technology, will be moderating the panel.

The Blockchain Expo North America is an online, virtual technology conference and event. The event will consist of top-level content and thought leadership discussions covering the blockchain ecosystem. Industry leaders will explore this innovative technology and its impact on a range of industries including, manufacturing, transport, supply chain, government, legal sectors and financial services energy, utilities, insurance, healthcare, retail and more.

Over 5,000 attendees are expected to attend the virtual event with over 250 speakers sharing their unparalleled industry knowledge and real-life experiences through solo presentations, expert panel discussions and in-depth fireside chats.

On April 19, 2021, CompoSecure announced that it had signed a merger agreement with Roman DBDR Tech Acquisition Corp. (NASDAQ: DBDR) (“Roman DBDR”), a special purpose acquisition company. Upon closing of the proposed merger, the combined company will operate as CompoSecure, Inc. and plans to trade on the Nasdaq stock market. The transaction reflects a pro forma enterprise value for the combined company of approximately \$1.2 billion. The transaction is expected to close in the third quarter of 2021 and remains subject to approval by Roman DBDR stockholders and other customary closing conditions.

Forward-Looking Statements

Certain statements included in this Press Release that are not historical facts are forward-looking statements for purposes of the safe harbor provisions under the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to statements regarding Roman DBDR’s or CompoSecure’s expectations, hopes, beliefs, intentions or strategies regarding the future, including, without limitation, statements regarding: (i) the ability of Roman DBDR and CompoSecure to complete the proposed merger described in the Press Release, (ii) the size, demand and growth potential of the markets for CompoSecure’s products and CompoSecure’s ability to serve those markets, (iii) the degree of market acceptance and adoption of CompoSecure’s products, (iv) CompoSecure’s ability to develop innovative products and compete with other companies engaged in the financial services and technology industry and the timing of the ArculusTM launch and (v) CompoSecure’s ability to attract and retain clients. In addition, any statements that refer to projections, forecasts, or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. Forward-looking statements generally are accompanied by words such as “believe,” “may,” “will,” “estimate,” “continue,” “anticipate,” “intend,” “expect,” “should,” “would,” “plan,” “predict,” “potential,” “seem,” “seek,” “future,” “outlook,” and similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding estimates and forecasts of other financial and performance metrics and projections of market opportunity. These statements are based on various assumptions, whether or not identified in this Press Release, and on the current expectations of CompoSecure’s and Roman DBDR’s management and are not predictions of actual performance. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on by any investor as, a guarantee, a prediction or a definitive statement of fact or probability. Neither Roman DBDR nor CompoSecure gives any assurance that either Roman DBDR or CompoSecure will achieve its expectations. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of CompoSecure and Roman DBDR. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond Roman DBDR’s and CompoSecure’s control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These factors include, among others: the inability to complete the proposed merger; the inability to recognize the anticipated benefits of the proposed merger, including due to the failure to receive required security holder approvals, or the failure of other closing conditions; and costs related to the proposed merger. You should carefully consider the risks and uncertainties described in the “Risk Factors” section of the preliminary proxy statement on Schedule 14A (the “Proxy Statement”) relating to the proposed merger filed by Roman DBDR with the U.S. Securities and Exchange Commission (the “SEC”) and the definitive proxy statement and other documents filed by Roman DBDR from time to time with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. If any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that none of Roman DBDR or CompoSecure presently know or that Roman DBDR or CompoSecure currently believe are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect Roman DBDR’s and CompoSecure’s expectations, plans or forecasts of future events and views as of the date of this Press Release. Roman DBDR and CompoSecure anticipate that subsequent events and developments will cause Roman DBDR’s and CompoSecure’s assessments to change. However, while Roman DBDR and CompoSecure may elect to update these forward-looking statements at some point in the future, Roman DBDR and CompoSecure specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing Roman DBDR’s and CompoSecure’s assessments as of any date subsequent to the date of this Press Release. Accordingly, undue reliance should not be placed upon the forward-looking statements. Certain market data information in this Press Release is based on the estimates of CompoSecure and Roman DBDR management.
